Sourcing Strategies in Excellence

SOSTIE
WE FIND A WAY

Steps you can follow and find desired product

- Go to our web-site Sostie.com
- Enter download center
- Download suitable product list
- Search with CAS number
- Sent us an inquiry email at office@sostie.com

Our company guarantees:

- Fast communication
- Strong connections
- Finding solutions for your sourcing problems

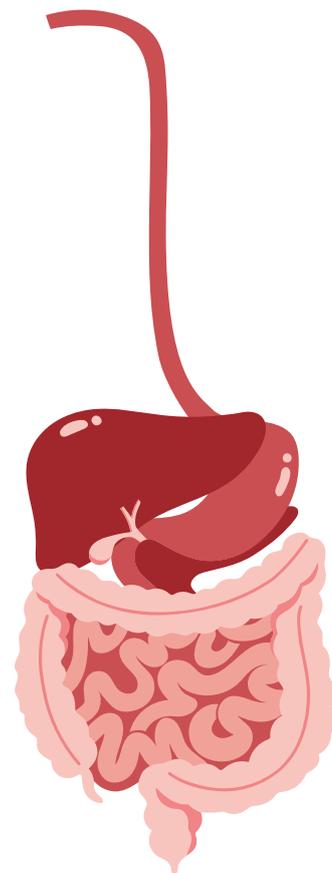

Sourcing Strategies in Excellence

General description:

- They serve as a major energy source for cell colonies and maintain the integrity of gut barrier
- They potentially have benefits on metabolism, promote insulin sensitivity, improve metabolic conditions during obesity and diabetes

types of Butyrates Sostie offers

- All types are food grade, available in powder, granulated, deodorised, flavoured
- With extensive documentation: e.g. BSE/TSE free, GMO free, Allergen free

Name	CAS - No.	Linear Formula	Purity	Pack Size
Sodium butyrate	156-54-7	C ₄ H ₇ O ₂ Na	> 98% powder	upon need 1 kg - 10.000 kg
Calcium Butyrate	5743-36-2	C ₈ H ₁₄ O ₄ Ca	> 98% powder	
Magnesium Butyrate	556-45-6	C ₈ H ₁₄ O ₄ Mg	> 98% powder	
Magnesium Taurate	334824-43-0	C ₄ H ₁₂ MgN ₂ O ₆ S ₂	20 % Mg, 57 % Taurine	

General Description

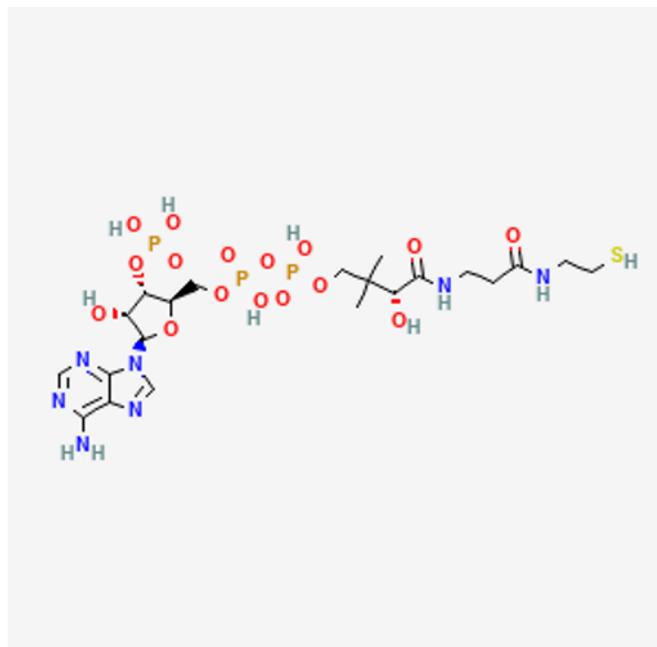

- Acts as a potent antioxidant (neutralize harmful free radical)
- Plays crucial role in energy metabolism
- Has a potential effects on blood sugar control and exhibits Neuroprotective properties and has potential benefit inn Neurodegenerative conditions

Name	CAS - No.	Linear Formula	Purity	Pack Size
Thioctic Acid	1077-28-7	C8H14O2S2	xxxxx	xxxxxx

General Description

- Integral component in the metabolism of carbohydrates, proteins, amino acids and fats
- Participating in synthesis of fatty acids
- Involved in the detoxification of certain compounds in the body
- Helps synthesis of Acetylcholine; which is neurotransmitter involved in muscle function.

Name	CAS - No.	Linear Formula	Purity	Pack Size
Coenzyme A - free acid	8561-0	C ₂₁ H ₃₆ N ₇ O ₁₆ P ₃ S	> 98 %	mg > kg
Coenzyme A - sodium salt	55672-92-9	C ₂₁ H ₃₅ N ₇ O ₁₆ P ₃ S·xN a ⁺ ·yH ₂ O	> 98 %	mg > kg
Coenzyme A - lithium salt	18439-24-2	C ₂₅ H ₄₂ N ₇ O ₁₈ P ₃ S	> 98 %	mg > kg

General Description

- A crucial material for protein building
- Plays main role in immune responses, allergic reactions, and stomach acid secretion
 - It has an antioxidant activity
- Is involved in wound healing and tissue repair

Sostie offers

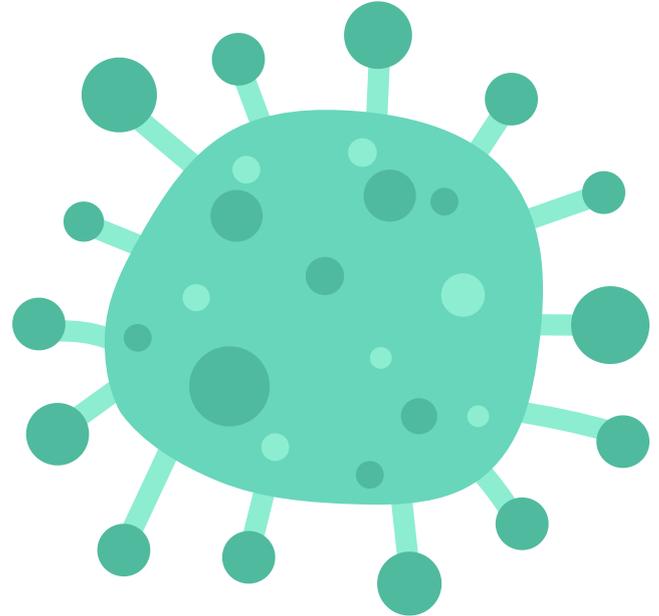

- Specifications: EP 10.0

Name	CAS - No.	Linear Formula	Purity	Pack Size
L-Histidine	71-00-1	C6H9N3O2	99,2 % white powder	25 kg Fiber Drum

General Description

- Helps prevention of several infections
 - Serves as a prebiotic
 - Balances sugar in blood
- GMP-standard

Name	CAS - No.	Linear Formula	Purity	Pack Size
D-Mannose	3458-28-4	C6H12O6	> 99,0 %	35 kg fiber drum

SOSTIE
WE FIND A WAY

VITAMIN D2 (Calciferol)

General Description

- to treat vitamin D2 deficiency
- for individuals who follow vegetarian or vegan diet often get Vitamin D2 because plant-based food is lack of Vitamin D2
- 1 gram of Calciferol has 40 million IU

Name	CAS - No.	Linear Formula	Purity	Pack Size
D-Mannose	3458-28-4	C6H12O6	> 99,0 %	35 kg fiber drum

Sourcing Strategies in Excellence

General Description

- certain Cannabinoids can stimulate appetite
- have beneficial potential as anti-inflammatory agent
- regulates metabolism

Name	CAS - No.	Linear Formula	Purity	Pack Size
CBN Isolate	521-35-7	C ₂₁ H ₂₆ O ₂	> 98 %	mg > kg
CBGA Isolate	25555-57-1	C ₂₂ H ₃₂ O ₄	> 98 %	mg > kg
CBD Isolate	13956-29-1	C ₂₁ H ₃₀ O ₂	> 99 %	mg > kg
CBDV Isolate	24274-48-4	C ₁₉ H ₂₆ O ₂	> 98 %	mg > kg
THCV Isolate	31262-37-0	C ₁₉ H ₂₆ O ₂	> 98 %	mg > kg
CBC Synthetic	20675-51-8	C ₂₁ H ₃₀ O ₂	> 98 %	mg > kg
